\*Trailer weight depends on installed fixtures

Make your business mobile with a high-quality, insulated and air-conditioned trailer.

Mobile workspaces can be fully customised to suit your needs.

If you need an easy-to-clean, hygienic workspace, the interior surfaces of your Deli Star trailer can be coated with stainless steel and non-slip flooring. The trailer can also be equipped with heating or cooling equipment.

### Examples of applications:

- office
- clinic

- customised sizes possible
- painted aluminium surface (RAL Classic colours)
- cold storage available
- solar panels & batteries available
- gas installations available
- 380 V electricity available
- 1 year warranty

## Deli Star Design Principles

### FUNCTIONALITY

We bring to our products over 30 years of experience on what works and what doesn't. We always seek the best solution for the customer. Our design focus is always on the satisfaction of the trailer owner and ease of everyday work.

### SALES PERFORMANCE

We never think of the trailer just as a vehicle alone, but as a mobile place of business as a whole. We want our trailers to sell the customer's product well.

### EXPERIENTIALITY

We see engaging customer experience as a main ingredient of our clients' success. A sales trailer that gets noted and is remembered wins the day.

### SATISFACTION

Success for us means happy customers. Our goal is the success of our customers, which will then bring them back to us.
