

EasyGo is an excellent small trailer that is agile and easy to handle.

Easy Go is a great platform to test your business idea. It's affordable but durable, so as your business grows you'll still benefit from trading up to a larger trolley.

Like its larger siblings, this nifty little trailer is well insulated, has easy-care stainless steel interiors and bright LED lighting inside and on the hatch.

Great EasyGo Solutions:

- Street Food
- Cafe
- Ice Cream
- Handicrafts
- Ticket sales

EasyGo trailers features:

- funny arched roof model
- stainless steel interior
- painted fibreglass exterior
- robust hot-dip galvanised steel frame
- insulated walls for year-round use
- AL-KO axles, brakes and drawbars
- available with low-floor frame
- optional hood and air-source heat pump
- LED lighting inside and in the showcases
- plenty of sockets
- gas cylinder or generator housing available on top of the drawbar
- optional table on top of the drawbar
- 2.1 m brake-free, 2.8 m brakeable
- strong locks on both door and drawers
- caravan-style door lock, opens from inside and outside
